

Prof. R. C. Sharma Chair for Art & Archeology

Excavations in the old city area (Saraswati Udyan, Pukka Mahal) of Varanasi is being conducted by Jñāna-Pravāha, Varanasi under the direction of Prof. Vidula Jayaswal . In the last ten weeks of the digging a complete sequence of early occupation floors could be exposed (in an area of 11 x 5 metres). On account of the associated findings like pottery, coins, nature of constructions, at least six structural phases dating between modern (17th/18th century) and Gupta period (4th/5th century) could be identified so far.
